

In an effort to maintain student and driver safety and allow for an efficient traffic flow, please see the diagram below. All traffic for drop off and pick up shall follow the green arrow and travel via the perimeter of the parking lot, etc. Students and pedestrians should cross at the middle crosswalk. All vehicle travel is always one-way; counterclockwise around campus.

Drop off & Pick Up loop for all students.

All campus travel one way in direction of green arrow; right turn only.
