Core Values, Beliefs, and 21st Century Learning Expectations – *Adopted June 6, 2011; Revised 5.20.13*

Core Values and Beliefs

At the core of North Reading High School is the common belief that effective **citizenship** in the twenty-first century begins with a commitment to **leadership through service** and **lifelong learning** that is fostered in an environment that includes all students. We are a dynamic community of students, teachers, parents, and administrators with shared beliefs and values committed to developing capable, knowledgeable twenty-first century citizens. It is our mutual responsibility to be actively involved in a learning process that fosters higher-order thinking, problem solving, healthy risk-taking, and innovation combined with academic rigor. We believe that an environment of collaboration, mutual respect, caring, and trust is the foundation for establishing a commitment to life-long learning. We believe that students learn best when they are connected to their community and can share in the obligations and duties of citizenship. North Reading High School embraces its opportunity to reach beyond its walls and is dedicated to preparing its students to be successful contributors to their local and global communities in the twenty-first century.
