# CONTRACT

Pursuant to the provisions of Chapter 150E of the General Laws of Massachusetts, this CONTRACT is made this first day of July, 2021 by the SCHOOL COMMITTEE OF THE TOWN OF NORTH READING and THE NORTH READING EDUCATION ASSOCIATION (hereinafter sometimes referred to as the Association).

## ARTICLE I

### GENERAL DECLARATIONS

- A. Recognizing that our primary purpose is to provide education of the highest possible quality for the children of North Reading, and that good morale within the educator staff of North Reading is essential to achievement of that purpose, we, the undersigned parties of this Contract, declare that:
1. Under the law of Massachusetts, the Committee, elected by the citizens of North Reading, has final responsibility for establishing the educational policies of the public schools of North Reading;
  2. The Superintendent of Schools and the principals of North Reading (hereinafter referred to as the Administration) have the responsibility for carrying out the policies so established;
  3. The educator staff of the public schools of North Reading has responsibility for providing the highest possible quality education and has the full responsibility for all professional duties;
  4. Fulfillment of these responsibilities can be facilitated and supported by consultations and free exchange of views and information among the Committee, the Superintendent, and the educator staff in the formulation and application of policies relating to wages, hours, and other conditions of employment for the educator staff;
  5. The provisions of the Agreement shall constitute Committee policy for the duration hereof or until changed by mutual consent in writing. Any previously adopted policy, rule or regulation of the Committee which is in conflict with any provision of the Agreement shall be superseded and replaced by the Agreement. Nothing in this Agreement which changes pre-existing Committee policy, rules or regulations shall operate retroactively unless expressly so stated;
  6. Subject to the provisions of this Agreement, the Committee, the Superintendent of Schools, and the principals reserve and retain full rights, authority and discretion, in the proper discharge of their duties and responsibilities, to control, supervise and manage the school system and its educator staff under governing law, ordinances, rules and regulations--Municipal, State and Federal. In all matters under this Agreement calling for the exercise

of judgment or discretion on the part of the Committee, the Superintendent of Schools or the principals, the decision shall be final and binding if made in good faith--i.e., not arbitrarily, capriciously or without rational basis in fact--except where some other standard of grievability or arbitrability is set forth in this Agreement; and so

7. As per Chapter 150E, Acts, 1972: In the event that any part or provision of this Agreement is in conflict with any law, ordinance or by-law, the law, ordinance or by-law shall prevail so long as such conflict remains. If funds are necessary to implement such written agreement, a request for the necessary appropriation shall be submitted to the legislative body. If such request is rejected, the matter shall be returned to the parties for further bargaining.
8. If any provision of this Agreement or any application of this Agreement to any employee or group of employees shall be found to be contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect. The parties will meet not later than ten (10) days after any such holding for the purpose of renegotiating the provision or provisions affected.
9. The School Committee will authorize the Superintendent of Schools to meet with representatives of the Education Association as often as necessary to discuss matters of mutual concern. Said meetings may be requested by either party and will be held at times convenient for both parties. No decisions or actions will be taken as a result of said meetings that in any way alters or modifies the existing Agreement.
10. The School Committee and the Association have a mutual interest in exploring the process of collaborative bargaining for future contracts.

### GRIEVANCE PROCEDURE

- A. The purpose of the procedure set forth hereinafter is to produce prompt and equitable solutions to those problems which from time to time may arise and affect the conditions of employment of the employees covered by this Contract. The Committee and the Association desire that such procedure shall always be as informal and confidential as may be appropriate for the grievance involved at the procedural level involved; and nothing in this Contract shall prevent any such employee from individually presenting any grievance of the employee.

**Definition:** A grievance is a claim based upon an event or condition that alleges a violation, misinterpretation or misapplication of the terms of this Agreement.

**Level One:** The aggrieved employee shall discuss the grievance with a member of the Grievance Committee of the Association.

**Level Two:** If not disposed of to the employee's satisfaction by such discussion, the grievance shall be presented orally by the employee and a member of the said Grievance Committee to the appropriate intermediate supervisor of the employee. This presentation shall be scheduled within twenty (20) workdays after knowledge by the Employee or the Union giving rise to the act or condition which is the basis for the Complaint, or the Grievance is waived.

Within five (5) school days thereafter, such statement shall be reviewed with the employee by the said President or Chairman, and if after such review the employee shall so desire, the grievance shall be forthwith presented in writing by the employee and said President, or Chairman to the Superintendent, who shall, within five (5) school days thereafter, meet with the employee and the said President or Chairman in an effort to settle the grievance.

**Level Four:** If at the end of the ten (10) school days next following such presentation to the Superintendent the grievance shall not have been disposed of to the employee's satisfaction, the employee may within five (5) school days thereafter, notify the said President and Chairman in writing of the employee's desire to have the grievance presented to the Committee. If the Grievance Committee so shall vote, the grievance shall forthwith be presented in writing by the Association to the School Committee within ten (10) school days, and within ten (10) school days, or at the next regularly scheduled meeting, whichever is the longer period of time, the School Committee shall meet with the Grievance Committee, the said President and the employee in an effort to settle the grievance.

Every reasonable effort will be made to notify, by June 1, teachers, other than newly appointed and substitute teachers, of any changes in their programs and schedules for the ensuing year, including the schools to which they will be assigned, and the grades and/or subjects that they will teach, and any special or unusual classes, students or assignments that they will have.
- B. In order to assure that students are taught by teachers working within their areas of competence, teachers shall not be assigned, except in accordance with the regulations of the State Board of Education and for good cause, to subjects and/or grades or other classes outside the scope of their teaching licensure and/or their major or minor fields of study.
- C. Teachers who desire a change in grade and/or subject assignment or who desire to transfer to another building shall indicate such desire to the Superintendent in writing not later than March 1. Such indication shall include the grade and/or subjects to which he/she desires to be transferred. The Superintendent or their designee shall notify each teacher who has made application for transfer of the disposition of each teacher's request one week prior to the close of school or as soon as possible thereafter in writing. Teachers will be guaranteed an interview after submitting their application, provided that the teacher meets the stated qualifications for the position.
- D. **Voluntary Transfers:** In the determination of assignments and transfers, the Superintendent shall honor the preference and wishes of the individual teacher, if in their opinion such actions are in the best interest of the North Reading Public Schools.
- E. In arranging schedules for teachers who are assigned to more than one school an effort will be made to limit the amount of inter-school travel. Every effort will be made to allow adequate time for travel between, and intra, buildings in the scheduling of itinerant teachers. Such teachers will be notified of any change in their schedules. They will be paid mileage at the rate established for Town employees.
- F. Teacher assignments and transfers shall be made without regard to race, color, sex, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, ancestry, or national or ethnic origin.
- G. **Involuntary Transfers:** Notice of intent to transfer or reassign shall be given in writing stating the reason as soon as practicable. Any involuntary transfer or reassignment shall be made only after a meeting between the teacher or teachers involved and the Superintendent or their designee and shall be made on the basis of length of service in the system unless in the opinion of the Superintendent the interest of the school system requires otherwise. The teacher or teachers

may have an Association representative present at such a meeting. Involuntary transfers will not be made arbitrarily, capriciously, or without basis in fact.

- H.
1. In case of a reduction in teaching staff, a teacher with professional status (TPS) shall not be dismissed if there is a teacher without professional status (NTPS) employed whose position the teacher with professional status is certified to fill.
  2. Teachers with professional status affected by a reduction in teaching staff shall be notified in writing by May 1 of the school year preceding the school year in which the reduction is to take place. Teachers without professional status affected by a reduction in force shall be notified in writing by June 15 of the school year preceding the school year in which the reduction is to take place.
  3. If a reduction in teaching staff results in the layoff of a TPS, layoffs shall be conducted within disciplines based on a teacher's qualifications, job performance, and the best interest of the students, which is defined as follows: the past summative overall evaluation ratings as compared to other teachers' past summative overall evaluation ratings in the discipline targeted to be reduced. The number of summative evaluations compared will include all those evaluations written for teachers during the time equal to the most recently hired professional status teacher in the targeted discipline, with an emphasis on the three most recent years in common. The judgment of qualifications shall be the sole responsibility of the Superintendent. For the term of this contract, ratings of "Proficient" and "Exemplary" will be considered equal and ties shall be broken by seniority. The Superintendent will review the summative evaluations along with the length of service information. If, in the Superintendent's judgment, teachers are determined to have equal qualifications, seniority will be the determining factor of which teacher(s) is retained.

Total time in the North Reading School system from the first day worked in a permanent position shall be used to compute length of service.

4. For purposes of definition, "discipline" shall be elementary: (Grades PreK-5), secondary: English/Language Arts, Science, Mathematics, History/Social Studies, Foreign Language, Business Education, Art, Music, Physical Education/Health, Special Education, and Technology. Should new disciplines be identified during the term of this Agreement, they shall be added to the list of disciplines in this section.
5. If subsequent vacancies occur or if new positions are added or old positions restored which persons on layoff previously performed, personnel laid off by the North Reading Public Schools under the foregoing provisions within the previous 18 months will be rehired in reverse order of layoff before other applicants are considered.
6. Teachers released under the provisions of this article shall be given initial consideration on the substitute list if they so choose. Further, released teachers shall be permitted to pay the entire premium cost of membership in the Town health and life insurance plan for the

period of one year provided that no Town or State law or regulation or policy of the insurer contravenes.

- D. Leaves taken pursuant to Section A. above will be in addition to any sick leave to which the teacher is entitled. No teacher will be required to arrange for their own substitute. When an application for such leaves as detailed above is made, the teacher will be required to state acceptable reasons for taking such a leave.
- E. Part time teachers will receive a pro rata allotment of leave under this Article. Such leave will be applied to absences based on the amount of time the teacher was scheduled to work on the day of the absence.

#### **ARTICLE XIV**

##### **EXTENDED LEAVES OF ABSENCE**

- A. The Committee agrees that not more than two (2) TPS teachers designated by the Association will, upon request, be granted a leave of absence for up to two (2) years without pay for the purpose of engaging in Associations (state or national) activities. Upon return from such leave, a teacher will be considered as if he/she were actively employed by the Committee during the leave and will receive the appropriate increment(s), based on past performance as though such teacher had not been on leave.
- B. A leave of absence without pay of up to two (2) years will be granted to any TPS teacher who joins the Peace Corps or serves as an exchange teacher, and is a full-time participant in either of such programs. Upon return from such leave, a teacher will be considered as if she/he were actively employed by the Committee during the leave and will be placed on the appropriate increment, based on past performance as though such teacher had not been on leave.
- C. Military leave will be granted any teacher who enlists in any branch of the armed forces of the United States. Upon return from such leave, a teacher will be placed on the appropriate increment, based upon past performance, as though such teacher had not been on leave.

- D. A leave of absence without pay or increment of no more than a maximum of two (2) academic years or parts thereof, will be granted to any TPS teacher for childrearing needs. By way of clarification, if a TPS teacher commences such leave in February of academic year 2022-2023, the TPS teacher would also be eligible for an unpaid leave during academic years 2022-2023 and 2023-2024 only.
- E. A leave of absence without pay or increment of up to one (1) year will be granted to any TPS teacher for the purpose of caring for a sick member of the teacher's immediate family. Additional leave may be granted at the discretion of the Committee.
- F. After five (5) years of continuous employment in the North Reading School System, a teacher may be granted a leave of absence, without pay or increment, for up to one (1) year for health reasons. Requests for such leave will be supported by appropriate medical evidence. Any teacher who is on personal illness leave, with compensation under the Sick Leave Article, and whose illness extends beyond the period compensated will be granted leave of absence without pay for such time as is necessary for complete recovery from such illness, for up to one (1) year.
- G. Other leaves of absence without pay may be granted by the Committee.
- H. All benefits to which a teacher was entitled by the time their leave of absence commenced, including unused accumulated sick leave, will be restored to them upon their return, and he/she will be assigned to the same position which he/she held at the time said leave commenced, if available, or, if not, to a substantially equivalent position.
- I. All requests for extensions or renewals of leave will be applied for in writing, and if granted, granted in writing.
- J. A teacher who has been granted an extended leave of absence and who desires to return to employment in North Reading must so notify the Superintendent of Schools in writing by February 1 of the school year in which the leave ends. Failure to comply with this section shall release the School Committee of any obligation connected with the granting of the leave of absence.
- K. Any leaves taken under this Agreement under circumstances which would qualify for leave under the Family and Medical Leave Act will run concurrently and will be counted toward the twelve (12) weeks available under the FMLA. An employee's available and applicable paid leave (e.g., sick leave) may be substituted for unpaid FMLA Leave at the discretion of the employee, provided such paid leave is generally available in the circumstances of the leave.

## **ARTICLE XV**

### **SABBATICAL LEAVE**

- A. Any teacher who has served in the North Reading Public Schools for a period of seven (7) consecutive years may request of the School Committee a sabbatical leave for a period not to exceed one (1) school year. A sabbatical leave for a period of less than one (1) year will also be considered.
- B. Requests for sabbatical leave must be filed in writing with the Superintendent no later than December 31 of the year preceding the one in which the leave will be taken.
- C. In determining which applications for sabbatical leave will take priority, consideration will be given to: (1) the value of the leave to the school system, (2) the seniority and service of the applicant, (3) the equitable distribution of leaves throughout the system. Ordinarily, no more than one percent of the staff will be eligible for leave during the same school year.
- D. A teacher on sabbatical leave will be paid at three-quarters (3/4) of their current annual salary contract rate provided that such pay when added to any program grant shall not exceed the teacher's full annual salary rate. The teacher's full annual salary rate shall include the base salary, but not extra-curricular or coaching differentials.
- E. A teacher on sabbatical leave shall agree in writing to return to employment in North Reading for a period equal to twice the length of the leave unless released from this commitment by the School Committee. In the event of default, the teacher will return to the Town an amount equal to the proportion of the salary received by them on leave.

## **ARTICLE XVI**

### **SUBSTITUTE TEACHERS**

- A. The School Department will make reasonable efforts to secure qualified personnel who have met the state certification requirements to serve as replacements for teachers and nurses.

## **ARTICLE XVII**

the Town and the Association. Any and all changes in the insurance plan are subject to negotiation with the NREA.

- B. Teachers will be able and eligible to participate in a "tax sheltered" annuity plan established pursuant to United States Public Law No. 87-370. Teachers will have the opportunity to initiate a change in their annuity on two specific dates each year. The specific dates will be agreed upon by the Association and the Committee.

## **ARTICLE XVIII**

### **CLASS SIZE AND COMPOSITION**

- A. The parties to this contract accept the following goals as desirable whenever feasible under the circumstances (e.g., availability of staff and facilities) in both elementary schools (including kindergarten) and secondary schools:
  - 1. No regular class shall have more than thirty (30) students.
  - 2. The composition and size of special education classes shall be in accordance with applicable state and federal mandates and regulations.
  - 3. Classes containing concentration of high needs students shall be reduced in size as rapidly as practicable to a number which permits optimum learning opportunities for such students.
  - 4. When teachers are assigned to co-taught classes, the following should be part of the process:
    - a. Volunteers should be sought first before any teacher is assigned.
    - b. Teachers will have a dedicated work space.
    - c. Whenever feasible and to the extent possible, special education teachers and regular education teachers will have common planning time when assigned as co-teachers.
  - 5. The School Committee will make every reasonable effort, as is practicable, to observe the recommendation of the Commonwealth of Massachusetts Department of Health and Human Services regarding school nurse/student ratios.
- B. The foregoing standards are subject to modification for educational purposes such as the avoidance of split-grade classes or half-classes or specialized or experimental instruction (e.g., music, team-teaching, typing classes, and physical education).

## ARTICLE XIX

### SALARIES

- A. The salaries and differentials are set forth in Appendix "A", which is attached to and made a part of this Agreement. Teachers may be given credit for prior experience for placement on the salary schedule at the discretion of the Superintendent.
- B. Teachers shall be paid the difference between their base teaching salary and their base military pay for all days when the teacher is assigned to temporary military training duty.
- C. Teachers shall be paid the difference between their base teaching salary and any fees received as a result of the teacher being assigned to jury duty.
- D. Full-time teachers who accept extra class period assignments on a temporary basis at the secondary level will be paid at a pro-rated amount of eighteen percent (18%) of their salary for each class taught, unless the teacher is teaching under a contract which establishes a percentage basis of salary and workload.

If the Principal receives timely notification of the need for a temporary assignment, they will post the position externally to determine if there are qualified candidates.

If there are no qualified candidates, or if the need to fill the position is immediate, the Principal will inquire internally to determine interest in filling the position following the procedure below.

- Email or otherwise notify all members in the department where there is the need for a temporary assignment.
- Identify the interested department members who have availability during the required periods.
- Notify those interested with respect to their availability.
- Determine which eligible teacher(s) receive the additional class period assignment(s) based upon the following:
  - Recent awards of extra class periods
  - The length of time of previous awards
  - Current licensure
  - Educator's current course schedule
  - Relevant course-specific experiences
  - FTE in the department

If no suitable candidates emerge from this process the Principal will decide between resuming an external posting or considering educators outside the department of need. If the Principal decides to consider other internal candidates, they will contact related departments who may

have the most appropriate license (STEM, Humanities, Arts) and follow the procedure above before opening up the request to the entire staff.

The district will maintain a list of recent awards and distribution.

## **ARTICLE XX**

- B. Such report(s) will be forwarded to the Committee or its designee who will comply with any reasonable request, within statutory limitations, from the teacher for information in its possession relating to the incident(s) or the persons involved, and will act in appropriate ways as liaison between the teacher, the police and the courts.

## **ARTICLE XXI**

### **PERSONAL INJURY BENEFITS**

- A. Whenever a teacher is absent from school as a result of personal injury caused by an assault or accident occurring in the course of their employment, he/she will be paid their full salary (less the amount of any workmen's compensation award made for temporary disability due to said injury) for the period of up to one year and no part shall be deducted from accumulated sick leave.
- B. Nothing in this Article is to be construed as limiting or waiving any personal rights of the teacher to seek redress in the courts for damages to person or property.

## **ARTICLE XXII**

### **TEACHING HOURS AND TEACHING LOAD**

- A.
  - 1. Starting and dismissal times of students are subject to modification by the Committee, provided, however, that no such modification will increase the length of the teacher's workday unless negotiated.
  - 2. Certified personnel other than classroom teachers will work at their assigned tasks for at least the length of the regular teacher's workday. It is recognized, however, that the proper performance of their duties may, on occasion, require these persons to work longer than the normal working day. The exact daily schedule will be worked out on an individual basis.

Teachers who are assigned at both elementary and secondary schools may be required to follow the secondary professional work day on the day(s) assigned at a secondary school (7 hour day).

3. The professional work day for Elementary teachers and nurses will be six (6) hours and forty-five (45) minutes and/or not to exceed thirty-three hours and forty-five minutes (33.75) per week. Students will not be admitted into classrooms more than ten (10) minutes before the official school starting time for students.
  4. The professional work day for Middle School and High School teachers and nurses will be seven (7) hours. Students will not be admitted into classrooms more than ten (10) minutes before the official school starting time for students. The workday will include the equivalent of twenty (20) minutes per day (100 minutes per week in a typical five day week for the purpose of providing extra help and student-focused collaboration.
  5. With the introduction of changes to the school start times in 2021-2022, the parties agree to work collaboratively through a representative working sub-group to identify the modes, processes, and procedures for providing extra help and collaboration that are most impactful for improving student learning for all students. This will include after-school, before-school, and virtual opportunities for students that are representative of the availability and mutual interest of both educators and students. Such procedures will require data collection and analysis in order to establish the best practices moving forward. In order to account for the various roles and responsibilities of educators throughout the district, these procedures will be discussed at each school through conversations between the educators and the Principal and shared with the representative sub-group with the goal of establishing best practices that can be applied equitably across the district.
- B. 1. The work year of teachers (other than new personnel who may be required to attend additional orientation sessions) will begin no earlier than September 1 and terminate no later than June 30. The professional work year will consist of 183 days. The "work year" will include days when students are in attendance, orientation days at the beginning of the school year, conference days, and any other days on which teacher attendance is required. The schedule of class days will not exceed five (5) days beyond that required by State Law.

Since part-time teachers are being paid a prorated salary that is based upon 183 days, it is expected that they attend all orientation days at the beginning of the school year, conference days, and any other days on which teacher attendance is required in addition to the days when students are in attendance (which would be reduced daily or weekly depending upon their part-time assignment).

2. The Committee agrees to consult with the Association before establishing the school calendar.

- C. 1. Teachers may be required to attend either before or remain after the end of the professional work day without additional compensation for up to one (1) hour to attend the following staff meetings: building meetings, curriculum meetings, department meetings, special needs meetings or other building or general meetings authorized by the Superintendent of Schools or their designee. Said meetings shall not exceed twenty (20) per school year. All school meetings shall start no earlier than one hour prior to the beginning of the professional work day nor no later than fifteen (15) minutes after the end of the professional work day, provided that a substantive majority of the teachers are present. Said meetings shall not exceed one (1) hour in length. Every effort shall be made to schedule meetings at a time convenient for all participants and normally advance notice of 48 hours will be given.

Part-time teachers are expected to attend the required meetings above, not to exceed the number commensurate with their FTE. The selection of these meetings should be coordinated with the Principal or Director. For any meetings that a part-time teacher is required to attend, beyond the number commensurate with their FTE, shall be compensated at the professional rate of \$40 per hour as established by this contract.

2. Teachers may be required to attend up to four (4) evening Parent-Teacher meetings each year unless excused by the Principal for good cause.

Part-time teachers are expected to attend all four (4) evening Parent-Teacher meetings each year unless excused by the Principal for good cause.

3. The Association and the Committee recognize the value of the conference report card system at the elementary level. Therefore, in order to provide optimum time for parental conferences and to maintain quality education in the classroom, the elementary schools will end their day at approximately 12:00 noon on those days when afternoon or evening report card conferences are scheduled.

- D. 1. Middle and High School teachers will have at least one preparation period per day.
2. Secondary teachers will not be required to teach more than two (2) subjects nor more than a total of three (3) teaching preparations within said subjects at any one time.
3. Secondary teachers will not be required to teach more than twenty-five (25) periods per week in a traditional schedule or more than twenty-five (25) blocks per two-week cycle in a macro-schedule with the following exceptions:
- a. Middle School General Arts Teachers will not be required to teach more than thirty (30) General Arts periods per week in a traditional schedule.
  - b. Middle and High School Special Education teachers will not be assigned more than thirty (30) periods per week in a traditional schedule nor more than thirty (30) blocks per two-week cycle in a macro-schedule.

- E. 1. Elementary teachers will be guaranteed thirty (30) consecutive minutes per day of preparation time.
- 2. Preparation time for elementary teachers will be distributed equitably.
- 3. Every effort will be made to balance preparation time at the elementary and secondary levels.
- F. Exceptions to the provisions of Sections D and E above, requested by the Superintendent, may be made only if the Superintendent of Schools (or their designee) determines that it is necessary to do so in the best interests of the educational process. The Superintendent will consult with the Association in each case where an exception is necessary and no assignment will be made without the consent of the Association President.
- G. Teacher participation in those positions labeled as differentials, extracurricular, and/or coaching activities will be strictly voluntary and teachers will be compensated for all such participation in accordance with the provisions of the salary schedule.
- H. Teachers will be required, as a condition of employment, to participate in the mentoring and induction program during the first three years of employment in North Reading. In year one only, teachers will be assigned a formal mentor; the program for years two and three will be facilitated by the Superintendent or their designee(s). The first cohort of teachers for which the three-year mentoring and induction program is required will be the teachers who begin employment in the North Reading Public Schools for the 2018-2019 school year
- I. Nurses shall not be required to schedule their substitute coverage.

## **ARTICLE XXIII**

### **USE OF SCHOOL FACILITIES**

- 3. The Association may use school mailboxes for distribution of Association material.

4. The President of the Association or their designee may address all teachers during orientation at a time mutually agreeable to the Superintendent and the President of the Association.
  5. The Committee shall provide the Association with an agreed upon number of copies of the agenda and approved minutes of all School Committee meetings held in open session.
  6. The Committee shall provide the Association with the name and address of all teachers at the beginning of the School year (by building). The Association shall provide the Committee with the names of teachers who belong to the Association at the beginning of the school year.
- B. There will be available space on one (1) bulletin board in each school building which will be placed in the faculty lounge, for the purpose of displaying notices, circulars, and other Association material. Copies of all such material will be given to the building principal, but their advance approval will not be required.
- C. Teachers will not be permitted to use school premises to engage in private employment or business activity except under the terms and conditions of the North Reading School Department Facilities Use policy.

## **ARTICLE XXIV**

### **GENERAL**

- A. There will be no reprisals of any kind taken against any teacher by reason of their membership in the Association or participation in its activities.
- B. If negotiation meetings between the Committee and the Association are scheduled during the school day, the representatives of the Association will be relieved from all regular duties without loss of pay as necessary in order to permit their participation in such meetings. When it is necessary, pursuant to Article V (Grievance Procedure) for a School Representative, member of the Grievance Committee or other representative designated by the Association to investigate a grievance or attend a grievance meeting or hearing during a school day, he/she will, upon notice to their principal or immediate superior and to the Superintendent by the Chairman of the Grievance Committee, be released without loss of pay as necessary in order to permit participation in the foregoing activities. Any teacher whose appearance in such investigations, meetings or hearings as a witness is necessary will be accorded the same right. The Association agrees that these rights will not be abused.
- C. The Committee agrees to deduct from the teachers' salaries money for NEA and/or MTA services and programs to be selected by the Association and as said teachers individually and voluntarily authorize the Committee to deduct and to transmit the monies promptly to such

The teacher will also have the right to submit a written answer to such material and their answer shall be reviewed by the Superintendent, and signed and attached to the file copy.

The teacher may at any stage of the interview ask the Association representative to leave.

## GRADUATE/IN-SERVICE CREDITS

- A. Effective July 1, 2015 all North Reading credits awarded prior to this date will follow the formula of one (1) North Reading credit to equal one (1) graduate credit and will be used for placement on the new salary schedule. Any credits earned after June 30, 2015, including those that have been pre-approved as North Reading credits, will be approved only for the award of Professional Development points (PDP's).
- B. A graduate course credit is defined as that which meets the traditional definition established at an accredited college or university and not a "graduate-level" or "salary progression and recertification" credit. The spirit of the definition observed is that the graduate course credit is earned either on-line or in person at an academic institution over a sustained period of time such as an academic semester. Further, a graduate course credit is one that is transferable into a recognized graduate/post-baccalaureate program. This definition shall apply to all credits used for placement or advancement on the salary schedule.
- C. In addition to graduate credits, in-service credits may be awarded for specific North Reading courses and programs at the discretion of the Superintendent or his designee according to the following formula: twelve hours equals one (1) in-service credit; twenty-four hours equals two (2) in-service credits; thirty-six hours equals three in-service (3) credits;
- D. No more than twenty-four (24) in-service credits in total, and no more than six (6) in-service credits per lane, can be used toward lane advancements on the salary schedule during an educator's tenure in the North Reading Public Schools;
- E. All courses eligible for credit award must be pre-approved by the Superintendent or his designee;
- F. Any intention to advance a lane on the salary schedule must be provided in writing to the Superintendent by February 1<sup>st</sup> in the year prior to the school year in which the advancement would take effect;
- G. Evidence of credits for graduate courses taken and completed by September 1<sup>st</sup> must be submitted no later than October 1<sup>st</sup> in order to be eligible for such compensation. Upon satisfactory submission of all course paperwork and transcripts the educator will be advanced the appropriate lane movement retroactive to September 1<sup>st</sup> provided that the February 1<sup>st</sup> deadline noted above has been met.
- H. Educators must receive a grade of "B" or better in the course when a grade is applicable.

## **TUITION REIMBURSEMENT**

- A. To be implemented beginning on July 1, 2016;
- B. Educators can submit for reimbursement of up to \$500 per course or C.E.U. bearing workshop prior to taking the course or C.E.U. bearing workshop;
- C. Educators must receive a grade of “B” or better in the course when a grade is applicable;
- D. The district will reserve \$15,000 annually to be distributed three times during the year for the purpose of reimbursement for graduate credit and/or C.E.U.s (\$6,000/\$4,500/\$4,500);
- E. Monies not encumbered in each of the summer/fall/spring periods will roll over into the next trimester. For example, \$500 remaining in the fall will be eligible for the spring. Monies not encumbered in the spring will first be used to reimburse eligible employees and then for other professional development expenses at the discretion of the Superintendent or his designee. There is no roll over from year to year. All payments will be made at two times during the year, November and March.
- F. Prior to each summer/fall/spring, the district will hold a lottery for reimbursement. Entries will be weighted to that those who have not previously received reimbursement will have an increased opportunity to receive reimbursement;
- G. All eligible courses or C.E.U. bearing workshops must be approved through the My Learning Plan program (or equivalent).
- H. Priority for reimbursement (for coursework or testing) shall be given first to those teachers for whom the SEI endorsement is required.
- I. Detailed information regarding Tuition Reimbursement can be found on the district website for the North Reading Public Schools under “Staff Resources” and under “District Administration.”

## **DIFFERENTIAL, EXTRACURRICULAR, AND COACHING STIPENDS**

Differential, Extracurricular, and Coaching positions are educational in nature and integral to the mission of the North Reading School System to educate North Reading students. A teacher who has unusual authority and responsibility over an activity may receive additional compensation while carrying out that responsibility. When a new Differential, Extracurricular or Coaching position is created, the Association and the Committee agree to negotiate an appropriate annual stipend.

**Extra-Curricular Activity Proposal Procedure  
For New Clubs or Activities or  
Existing Clubs or Activities proposing a new category**

- Prior to May 1st of the school year preceding the school year of the pilot for the club/activity the Advisor will present the proposal form for the new or continuing club/activity to the building Principal. The form should be completed in its entirety and include a thorough description of the club, its purpose, and all planned activities.
- Proposals may also be submitted throughout the school year if initiated by the Principal.
- Recommendations may also be made to move up or down between the categories by either the Advisor or the Principal.
- The Principal will review the proposal and decide if the club/activity will be presented to the Superintendent and School Committee for approval. The proposal can be revised if initially rejected by Principal.
- If approved, the club/activity will be given pilot status for two years and the stipend will be \$500 for year one and \$700 for year two of the pilot.
- Clubs that do not run for three consecutive years will be deemed “inactive.”
- Inactive clubs may resume after a one year pilot if approved by the Principal. Inactive clubs must be substantially the same club/activity when they resume as when piloted.
- Existing clubs seeking a new category will collect data for one year with no additional stipend until the Principal and Superintendent review the data at the end of that school year.
- The Advisor will present accurate records of attendance, participation, meeting times and durations, additional time for the advisor, and other relevant information to help determine whether the club/activity should continue in year two of the pilot and then as an active club/activity at an assigned category.
- If the club/activity meets all requirements in both of the two pilot years, the club and the data presented corresponds with the proposed Category, it will be added to the permanent extra-curricular activities at the Category agreed upon during the pilot process.
- The form below should be used to apply for a change in a club/activity category or to propose a new club/activity.
