STUDENT TEACHING AND INTERNSHIPS

The North Reading School Committee authorizes contractual arrangements to be made for the acceptance for training of student teachers from regularly accredited colleges and universities to the extent that the training of these student teachers will both enhance educational opportunities of the classroom students as well as provide a training opportunity for the student teacher.

Guidelines will be prepared for the direction of staff members in handling the student teacher program. These guidelines will also provide a definite program for the improvement of the student teacher while assigned to North Reading Public Schools.

Funds or vouchers received from the sending college or university for accepting a student teacher will be transferred to the supervising teacher.
